Expiration Date (MM/YY):	<input style="width: 60%;" type="text"/>
Card Validation Code (CVV):	<input style="width: 60%;" type="text"/>

Total Amount (please add the selected tests + **18,00 € for logistics with UPS Express**): _____ €

I hereby declare that I wish to order laboratory tests which might not be covered by my health insurance. I am aware of the costs of all selected tests, the logistic costs with UPS Express and that I have to pay these costs myself and in advance. I agree that all laboratory parameters will be tested and charged by ArminLabs PreAnalytics GmbH. In case of credit card payment, I agree that ArminLabs PreAnalytics GmbH will charge my credit card with the total amount.

Date, Signature:

How to order the analysis of your tick at ArminLabs PreAnalytics:

1. Remove the tick carefully and in full if possible. Please use a customary tick sling or a tick tong. Under no circumstances cover the tick with glue, oil or similar things before the removal. The faster the tick is removed, the smaller is the probability of passing on tick-borne infections.
2. Please put the living/dead tick into the enclosed small grip seal bag. Please make sure that you **close the grip seal bag well!**
3. **Fill out the attached lab order form completely and sign it.**
4. Put the closed grip seal bag as well as the lab order form into the UPS Express Envelope.
5. A few days after we have received the tick, you will receive a detailed report per email. If you have any questions about the results, please contact your general practitioner.

How to ship your tick to ArminLabs PreAnalytics:

1. The UPS Express Envelope contains the Waybill for the shipment to our laboratory.
2. Please put this Test Order Form and the grip seal bag that contains the tick into the UPS Express Envelope and seal it.
3. Bring the UPS Express Envelope to the next UPS Drop off location – you can search for the nearest location here:
<https://www.ups.com/dropoff>

Alternatively, you can call UPS to schedule a pickup of your shipment by phone. You can find your local UPS phone number at www.ups.com .

4. UPS will deliver the sample to our laboratory and we will process it immediately.
